

PERCOLATE LMS MAKES BUILDING A QUIZ A “NO-BRAINER”

Scottsdale, AZ – February 13, 2013: Michaels & Associates recently launched another release of the Percolate LMS™ that makes building a simple quiz and survey a “no-brainer.”

“The Quiz Builder was the next logical step in our LMS development process and we find it complements the other features available in the Percolate LMS nicely.” said Sherry Michaels, President of Michaels & Associates. “Now you can add a scored quiz or basic survey to your custom course content with no programming skills required. We’ve had a number of people ask for this easy-to-use feature, and we’re happy to accommodate their request.”

For details on how to create a simple quiz or survey using the Quiz Builder within Percolate, there is an online tutorial available on YouTube at <http://youtu.be/KV8eXUnro74>.

About Percolate LMS™ – It’s Just that Simple

Based on a software-as-a-service (SaaS) model, the Percolate LMS leverages the web and eliminates the need to install software on a company network. Accounts begin with a 30-day trial at no charge. Percolate offers flexibility with four monthly subscription plans. Plans start at \$99/month for 25 active users and increase to \$1499/month for 2000 active users, with custom plans for companies with more than 2000 active users. When signing up for a monthly subscription, account holders will continue using Percolate as they have from the first day. There is no need to start over.
